Product description

Audio indoor station Siedle Basic: Handsfree station for surface mounting.

Entry-level device with all essential functions in the accustomed standard of Siedle quality. Minimized ergonomically optimized design with simple operation, clear symbolism and excellent acoustics.

Functions

Calling, speech, door release, light

Highlights

- Intuitive, safe operation with only two clearly distinguishable buttons
- Button design with adequate distance reduces operating errors (unintentional door release)
- Excellent speech reproduction and high volume thanks to optimized acoustics
- Automated commissioning (Plug+Play)
- Handy 2-step mounting: Base plate with terminals can be pre-installed, toolless final assembly
- Covers all customary flush mounted sockets without additional frame

Other performance features

- LED status display: Incoming calls, active call, muting
- 11 call tones
- Call differentiation: Storey call, 2 door calls and internal call
- Speech volume adjustable in five stages
- Call volume adjustable in five stages up to max. 83 dB(A)
- Parallel switching of up to four devices
- Door release/light function via the bus line
- Manual door connection even without a door call

Made in Germany

Designed, engineered and produced in Furtwangen in the Black Forest
