

Combination frame
KR 614-1/1 AG

210005023-00

Product description

Combination frame for modernising an existing Vario 511 door station to the current Vario 611 series, made of sectional extruded aluminium powder-coated or painted.

Letterboxes and flush-mount housings that are already plastered in can continue to be used.

The fixing material for installing a letterbox module and mounting frame is included.

Because of the increased capacity of the letterbox, the frame stands approx. 50 mm proud of the wall. A solution is available on request for transverse mounting.

Specifications

Dimensions (mm) W x H x D: 431 x 542 x 50
