

readID One
SE 1220 MNP
210010942-00

Product description

The USB reader readID One with USB type A connector and 1.8 m long connecting cable enables the EK/EKC 600-... to be directly read in on the PC.

When reading in cards or keys with MIFARE DESFire EV2 technology, the USB reader behaves like a keypad and writes the data directly. No additional drivers are needed for operation under Windows, MAC OS or Linux.

Specifications

Dimensions (mm) W x H x D:

57 x 89 x 12
